Auditors.

**RUTLAND TOWN SCHOOL DISTRICT  
REPORT OF THE SCHOOL DIRECTORS  
AND SUPERINTENDENT**

The reports from the schools are being condensed and combined this year in order to emphasize the two major projects undertaken in the town's schools during the calendar year 1964. These were the school evaluation and the study of the system by an outside educational consultant, Dr. John E. Marshall.

Early in the summer, your Directors and Superintendent visited all schools to determine the amount of maintenance work to be done in order to bring the buildings into satisfactory condition for the following school year. Included in the above are such items as thorough cleaning of all schools, reconditioning of all floors, doing necessary painting and making needed replacements. We have built an emergency exit at the Center Rutland school from the girls' restroom. Emergency lights by batteries are to be installed at the Center Rutland school. New American flags were presented to the several schools as part of the Memorial Day exercises.

All schools owe a genuine debt of appreciation to the many parents who have made possible the hot lunch programs, both through service and through the holding of special events to finance these programs, and to other parents for their work in dental and health clinic services.

Mrs. Barbara Douglas, Children's Librarian at the Rutland Public Library, has been wonderfully helpful in accepting class visits at the library and in selecting numbers of books many times during the year to go out on loan to the various schools.

Students in the town who have won awards during 1964 are: Sandra Jenne, Grade 8, who won third prize in the District Forestry Essay Contest; Celdia Nutter and Marjorie Beebe, Grade 7, won honorable mention in this same contest. Philip Jenne and Andrea Burke finished in a tie in the Rutland County Humane Society Poster Contest. Andrea Burke finished second of thousands of entries from the United States and Canada. Andrea was also a winner in the Dairy Poster Contest. This year's winners in the School Safety Poster Contest were: Marlene Miglis, Grade 8; Susan Fish, Grade 7; Peter Jenne, Grade 4 and Betty Ann Larson, Grade 3.

Other highlights mentioned by the teachers and principals in our schools for the year 1964 include the following:

The school savings plan at the Dyer School, which helps students to learn the art of being thrifty.

Character and citizenship education through weekly meetings of the school safety patrol membership, student council and general assemblies at the Center Rutland School.

The June trip by parents and students of the Cheney Hill School to Storytown, Lake George, New York, where the annual school picnic was held.

At the Haiti School, an art lesson given by a teacher from Wellesley, Massachusetts, and the visit of Mr. H. W. Shepard, a lawyer from Parramatta, New South Wales, Australia.

Appropriate observances of all regular holidays have been held in the schools, generally with the able and enjoyable assistance of our music supervisor, Mrs. Doris Geno.

### **Superintendent's Report**

Outstanding contributions were made to the evaluation of our schools by each of our nine staff members and by a very loyal and helpful group of five town citizens. They are: Mrs. Shirley Booth, Mrs. Vera Fish, Mrs. Marion Loveland, Mrs. Doris Patch and Mr. William Bradder. Mr. Orin Thomas, Jr. joined us at the outset, but the pressure of other affairs soon interfered.

Formal meetings of all of these people were held twice each month, January through May. Many hours of personal labor, and committee meetings, were required in each two-week interval to prepare for those bi-monthly meetings. This very heavy load of extra work was carried willingly and effectively by all concerned, and was a genuine thrill to observe.

Meeting with these committee people were experts in the various subject areas studied: Mr. Thomas Chesley in Math and in Science, Mrs. Virginia Larrabee in the Language Arts, State helping teacher Mrs. Betty Tessier in Curriculum, and Miss Bernice McKee, ultimately Chairman of the visiting evaluation team, in the field of Social Studies.

On November 16th, a Monday evening, the school board entertained the visiting evaluation team, and the teachers and lay committee who had done the basic self-evaluation studies, at a kick-off dinner at the Hotel Bardwell. At this time, the Rutland Town teachers had the opportunity to become acquainted with the fourteen visitors who comprised our evaluation committee. Each of these persons had been chosen for particular knowledge and experience in one or more of the areas under study.

The committee in operation studied Arithmetic, Social Studies, Language Arts, Science, the Staff and Administration, Library offerings, the Health and Physical Education Program, Art, Arts and Crafts, Guidance, Music, the School Buildings and the overall balance of our curriculum.

The report from the visiting committee was made before the teachers and lay committee and invited school board members on Thursday afternoon, November 18th. The report was in the form of commendations for those things that some or all of the teachers were performing well, and recommendations for those improvements which they felt would strengthen our educational system.

In all, 152 recommendations were made. Some of the more important of these are:

That encouragement and support be given to the planning and building of a central school for the Town.

That the number of grades within a classroom be reduced, if at all possible, to one or, if transportation prevents such a solution, no more than two grades to a classroom, beginning in 1965-1966.

That a salary schedule be adopted for the teachers.

That a library be started and supported strongly, despite the limitations of the lack of a central room available to all students.

That released-time teacher work sessions be adopted as a standard operating procedure, and that the teachers study modern materials and methods together, and plan a cohesive program in each of the major subject areas.

That art instruction be provided.

That additional supplementary textbooks in the language arts, reading, science, mathematics and the social studies be provided.

That no money of any consequence be spent on the existing four schools until it is finally clear whether the new centralized structure will be built.

That the availability of audio-visual equipment and materials be greatly increased: such items as additional film strip projectors, globes, maps, art materials including model sculpture and reproduction of noted art works, film strips and slides in the subject areas, and manipulative materials for the primary grades are included.

That periodicals of professional nature, and professional books, be made available in a central professional library location.

That additional equipment and books be supplied for the music program.

These represent the major recommendations made by the committee. Outstanding among the commendations were these:

The high morale among the teaching staff.

The warm and genuine friendliness of the pupils.

The ability of the pupils to evidence good citizenship and responsible behavior.

The efforts of the teachers to do a proficient job despite the handicaps of limited equipment, small rooms and outmoded facilities.

The philosophy for operating the schools, as drawn up by the teachers and lay committee in their self-evaluation. This philosophy was felt to be one of the most outstanding philosophies read by any of the members of the visiting committee.

The good repair in which each of the buildings has been kept by the planning and care of the school directors.

The employment by the school directors of an educational consultant to study the town's school problems, and to assist in finding the most advantageous solution.

The use of appropriate television programs.

The evidence of recently acquired textbooks.

The excellent cooperation existing between the Rutland Free Library and the individual teachers in their efforts to provide the stimulation of sound reading programs.

Dr. John E. Marshall, educational consultant, from Belmont, Massachusetts, was a member of this evaluating committee. He had previously been retained by the Board of School Directors to

conduct a thorough study of the Rutland Town School system, its buildings, its program, its equipment and its planning.

Dr. Marshall has submitted a report as of early January, 1965. A summary of the major points carried in Dr. Marshall's report would include the following:

"That the Town of Rutland clearly needs to build a single consolidated elementary school to replace the four out-moded and inadequate buildings it has inherited from the past. This is the chief recommendation of the report." Our present school buildings are too small, too old, and their design makes them inflexible. Furthermore, no one of the four sites, nor the area around it, is suitable for additional construction. The site acquired on the Post Road, in 1964, is desirable because it is within the section of Rutland Town which now contains some 58% of our pupil population, and because it is large enough in size and would not require undue site work.

That the new school size "should be about two classrooms per grade. This will permit the provision, at reasonable cost, of needed special facilities for library, audio-visual instruction, science, and indoor recreation and assembly."

That classrooms should be substantially larger than our present ones, to encourage the activities and groupings that characterize today's best schools.

That there be included a remedial classroom, and space for indoor physical education.

That outdoor areas of the site be developed to serve both school and the community.

That service areas needed include space for the work of the principal, the school nurse, the custodian, and the school lunch workers.

That the building be adaptable, as are so many of the new schools, permitting it to change easily and economically as enrollment grows or as new educational practices are tried and proved desirable.

Dr. Marshall further proposed that the new building serve, at first, grades 1 through 9, thus using all its space efficiently and eliminating an awkward year for our ninth graders, who then will go directly into Rutland High School at the tenth grade, as city pupils do.

In conclusion, it is the superintendent's recommendation that the single consolidated elementary school on the Post Road site be considered not only desirable, but necessary. One cannot look into the future with certainty. However, no plans proposed to date for combining the Rutland Town Schools with those of any one or any combination of other districts in this area would appear to affect adversely the recommendation for the building of the consolidated school on the Post Road site. Rather, the availability of land in that general section of the town, and the building of homes which has been taking place in that section in recent years, lends strength to the belief that a new school in this area will be sensible and advantageous.

Every voter is therefore urged to become acquainted with the facts of the evaluation and of Dr. Marshall's report, to attend a pre-Town Meeting if there is such a meeting, and to consider the proposals made and explained above.

In his 1965 budget message, Governor Hoff has said, "The children of Vermont deserve an education second to none in quality and meaning." And, "the times demand a bold approach . . . the necessity results from having done too little for too long." We owe it to the excellent youth of Rutland Town to consider how much effort, and even sacrifice, may be needed to provide them a "competitive" education in tomorrow's vastly changed world. Henry David Thoreau once remarked that "the cost of a thing is the amount of . . . life which is required to pay for it, immediately or in the long run." Either we, now and here, use our lives and our abilities to provide a strong and modern education, or our young people will pay in and with their lifetimes to reach for the quality we do not now support. Working for the new school building is the chance, now and here, which will truly support your youth.

In order that your Board may give annual consideration to classroom space, a census is taken of pre-school children in the town. The results of the census taken in 1964 are given below:

	1965	1966	1967	1968	1969	1970*
Center Rutland	8	18	12	12	5	3
Cheney Hill	14	17	14	13	13	8
Dyer	8	5	7	4	2	2
Haiti	7	11	6	10	4	2
	—	—	—	—	—	—
	37	51	39	39	24	15

\*Born between January and July, 1964

At the last Town Meeting, your Board was authorized to purchase approximately 15½ acres of land on Post Road as the site for a new school building for elementary grades. The purchase was completed in August 1964.

The P.T.A. and other parent groups continue to give of their time and funds for many projects, including the hot lunch program. Your Board advances reasonable amounts to each group providing lunches, with the understanding that they continue to raise money for the lunches as in the past, and at the end of the year, any money not expended would be returned to the school funds.

There is an ever increasing cost to operate our schools. Our budget for the 1965-1966 school year is \$142,050. The amount of State Aid for this year is estimated to be \$23,990, which is 10% less than granted in 1964. The present law will reduce our State Aid for the following year, 1966-1967, about 10%. The 1964 income from taxes exceeded our estimate due to a material increase in the grand list as taken in April 1964.

Notwithstanding the fact that our budget for the coming school year is considerably more than for the previous year, due to the increase of our grand list a tax of \$3.05 on same is necessary to cover the cost of employing competent teachers, good transportation, tuition for students wanting higher education and all other expenses.

We express our appreciation to the P.T.A. and parents groups in the several districts, to the teachers for their loyal and efficient services, and to all others who in any way contributed to the successful operation of our schools.

Respectfully submitted,

ALVA T. HOWE,

VERONICA GUIMOND,

WILLIAM B. THOMAS,

School Directors.

GEOFFREY GRAHAM,

Superintendent.

## VERMONT DEPARTMENT OF SOCIAL WELFARE

## MONTPELIER, VERMONT

This twenty-eighth in the series of annual reports submitted to the people of Rutland Town presents tabulations for the calendar year 1964. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$675.23
Hospitalization Services	\$399.30
Physician Services	\$126.00

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$161.94 and for the latter \$460.40 for the year just closed.

During 1964 assistance was granted to 14 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,

Commissioner of Social Welfare.

STATE OF VERMONT  
DEPARTMENT OF SOCIAL WELFARE  
MONTPELIER

**Important:** This notice is made for audit purposes and should be delivered to the persons in charge of auditing the accounts of the Town listed below.

VERMONT DEPARTMENT OF SOCIAL WELFARE  
MONTPELIER, VERMONT

To the Auditor of the Town of Rutland.

The following amounts listed represent the amount of the balance due the Vermont Department of Social Welfare as of December 31, 1964, and do not include charges which will appear on the January 1, 1965 billings.

Committed Children	\$143.36
Aid to Dependent Children	\$10.63
Hospitalization	\$. . . . .
Physicians' Services	\$5.10
Nursing Home Care	\$79.88
	<hr/>
Total Due	\$238.97

JOHN J. WACKERMAN,  
Commissioner.

**VERMONT STATE DEPARTMENT OF HEALTH**  
**ANNUAL TOWN REPORT, 1964**

During the year we sent letters to many of the people of the Town of Rutland concerning the immunization status of their children. I would like to thank them for their very fine response to this inquiry. You will be interested in learning that in Vermont 4 out of every 5 babies have been started on their shots for diphtheria, whooping-cough, tetanus and polio by 6 months of age.

This is a testament to the genuine concern which Vermonters have for the health of their children, their neighbors and their communities; something in which every Vermonter can take pride.

The following is a tabulation of some of the more important health services provided people of your town in the fiscal year 1964.

Attendance at well child clinics . . . . .	75

Number served by Public Health Nurse visits . . . . .	23

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,  
Commissioner of Health.

## CIVIL DEFENSE

The Rutland Town plan for civil defense has been completed, submitted to the state headquarters and approved.

The organizational chart with its various jobs has been capably filled by cooperative citizens of the town.

With aid of citizen band radio operators and financial support from the town we have set up one of the best radio networks in the state.

Very little progress has been made with regard to group fallout shelters for the town due to the limited areas available. However, for persons who may be interested in home shelters we have literature and plans covering same. This and any other material may be obtained by contacting either Robert Solari or Richard DelBianco.

Respectfully submitted,

ROBERT W. SOLARI,

Civil Defense Chairman.

---

## RUTLAND TOWN MUNICIPAL FOREST

December 23, 1964

A total of 6M tree seedlings were planted and 10 acres of timber stand improvement completed under the Agricultural Conservation Program on the Rutland Town Municipal Forest land in 1964.

Marking for a proposed sale on Block #1 has been completed with a total volume of 45 MBF. A second sale is anticipated on Fire District land with a total marking of 35 MBF. Both sales are planned during the winter of 1965.

## WARNING

---

The legal voters of the Town of Rutland and the Town of Rutland School District are hereby warned to meet at the Town Hall in Center Rutland, on Tuesday, March 2, 1965 at Ten O'clock A. M. to act on the following matters, namely:

1. Choose all necessary officers required by law.
2. Shall the Town vote to raise money by tax or otherwise to pay current expenses of the Town, Overseer of the Poor, Highway and County? If by tax how much?
3. When and to whom shall the taxes be due and payable?
4. Shall license for the sale of Malt and Vinous beverages be granted in this Town?
5. Shall Spirituous Liquors be sold in this Town?
6. Shall the voters authorize the Selectmen to borrow money in anticipation of taxes?
7. Shall the Town vote to take advantage of the Town Highway appropriation granted to the towns by the State, provided the Town spends not less than (\$50.00) Fifty Dollars per mile of their own money on Town roads outside of winter maintenance as provided by Sec. 19 No. 250 Public Acts of 1957, as amended?
8. Shall the Town vote its officers salaries? If so, how much?
9. Shall the Selectmen be authorized to enter into an agreement with the City of Rutland, for the use of the City Dump, based on population, at the rate of 40c per person with the minimum of not less than (\$500.00) Five Hundred Dollars annually, subject to the rules and regulations governing the Rutland City Dump?
10. Shall the voters of the Town of Rutland authorize the Selectmen to put the employees of the Town under the Social Security system?
11. Shall the voters of the Town of Rutland authorize the Selectmen to convey any School Lease lands and Glebe lots under their jurisdiction as provided in Title 24, Section 2406 of the Vermont Statutes Annotated, as the occasion may arise?
12. Shall the Town School District vote to raise money by tax or otherwise, to pay current expenses of the School District? If so, how much?

13. Shall the School Board be authorized to borrow money in anticipation of taxes?

14. Shall the Board of School Directors for Rutland Town be authorized to employ an architect for the purpose of preparing preliminary drawings and cost estimates for a consolidated school for the Town and to pay for such preliminary plans and cost estimates a sum not to exceed (\$5,000.00) Five Thousand Dollars?

15. Shall the Town School District vote to raise a tax of (15c) fifteen cents on the grand list to pay for the services of an architect in preparing preliminary plans and estimates for a consolidated school?

16. Shall the Town School District pay tuition for the higher education for the scholars of said District?

17. Shall the Town vote a sum of money not to exceed \$80.00 for a scholarship to be awarded a worthy high school graduate of Rutland Town who wishes to enter an institution of higher learning, particularly a teacher's training college?

18. Shall the Town vote to approve an appropriation of (\$1,500.00) Fifteen Hundred Dollars to secure the use of the Rutland Free Library to the inhabitants of the Town?

19. Shall the Town authorize the Selectmen to enact an Ordinance to provide for the regulation and licensing of all parks for trailer coaches or mobile homes, as provided by Vermont Statutes Annotated, Title 24, Subchapter 9, Sections 2231 through 2233, Trailer Parks?

20. To transact any other necessary, legal and proper business which may come before said meeting?

Articles 2, 3, 8, 12, 15 and 16 will not appear on the Australian Ballot and will be taken up at 1:30 P.M. The polls will close at 6:00 P.M.

Rutland, Vermont, February 15, 1965

Grand List \$33,229.50
